Don't worry, Stuart, Trump.

In 1949, China's political turmoil, , which was strongly supported by the Soviet Union, relied on modern Soviet weapons and a large amount of manpower and material resources transferred from the Japanese army to defeat the national government abandoned by the US government. The national army fled everywhere,, and the "liberation army" swept through China. The U.S. ambassador to China, Stuart Leiden, stayed until , ,the last minute because he knew that Mao Zedong and the Chinese Communist Party had been promoting the establishment of an American-style democracy and a free country, and he was unwilling to give up the land. Exactly a few years ago,, Mao Zedong met with the U.S. military delegation in Yan'an and wished the West Christmas. Mao, in the Xinhua Daily, the top mouthpiece of the Communist Party of China, , has also repeatedly praised the United States, , saying that the beautiful lighthouse country is China's hope. Not only Stuart, ,but many Chinese people at that time dreamed of a strong country of democracy, freedom and equality, , and they put their hopes on the "Great Savior" of the CCP and Mao Zedong.

"Farewell, Stuart Redden" is an article published by Mao Zedong for the Xinhua News Agency on August 18, 1949. The U.S. State Department has published a white paper on

the relationship between the United States and China. It is said that in order to refute the white paper and break the illusion of some bourgeois intellectuals in the country about US imperialism, and at the same time scientifically explain the reasons for the occurrence and victory of the Chinese revolution, Mao Zedong has written a series of articles in the name of Xinhua commentators, "Farewell, Stuart Redden" is one of them. ”This seems to be Mao's gorgeous turn of the confession of his own, but also the confession of the king's coming to the world.

Mao Zedong wrote: "The People's Liberation Army crossed the Yangtze River, and the American colonial government in Nanjing was scattered like a bird and beast. Ambassador Stuart Leiden sat still, opened his eyes and looked, hoping to open a new shop and make a profit. What did Stuart see? In addition to seeing the People's Liberation Army marching by, workers, peasants, and students in groups, he also saw a phenomenon that Chinese liberals or democratic individualists also swarmed with workers, peasants, and soldiers, and other students shouted slogans and spoke of revolution. In short, no one to pay attention to him, so that he " 茕茕孑立, shadow hanging", nothing to do, had to carry the bag to walk. “

Mao Zedong was clearly excited ,and excited, , and he seemed to have forgotten his original intention, , Mao Zedong’s promise of democracy and freedom. The relatively difficult border environment, , the authoritarian rule of the national unity zone and the national government, ,young people, especially intellectuals, are full of illusions and hopes for the CCP,, and the most fundamental reason is the international environment. The leftist currents of socialist or communist thought are proliferating in relatively backward countries, and the 1940s and 1960s were the climax. Their slogans are highly inflammatory and deceptive, , ,extremely destructive to societies and populations that are not deeply involved, lack of information, low levels of education and development lags behind. They will rarely realize ,that they are moving towards the opposite of democracy, freedom and equality, , toward a prison state of poverty, lies, deceit and oppression. Some in Western society have long pointed to the insidiousness and darkness of the Soviet model, , as described in Orwell’s 1984 book. It was written in the era when Stuart said goodbye to China. Unfortunately, it , was not until 1984 that the full Chinese translation appeared. In June 1988,, , the mainland published 420 volumes for senior officials to study. It was released later, ,and it is still not open for a banned book.

Mao Zedong used thieves to hide ,the fact that "New China" would be a Soviet colony. He wrote deceptively: "Good way, the United States to pay for the gun, Chiang Kai-shek out, for the United States to fight to kill the Chinese“, "destroy the Communist Party", become a colony of the United States, complete the United States' "international responsibility", to achieve "the traditional policy of friendship with China." ”In the end, he , was still a little worried and uncertain, and continued to confuse the Chinese people who were unclear at the time: "There are still some intellectuals and others in China who have confused ideas and have illusions about the United States, so they should be persuaded, won, educated and united to them, so that they can stand on the side of the people and not be imperialist." But the prestige of the entire US imperialist in the Chinese people is bankrupt, and the white paper of the United States is a record of bankruptcy. Advanced people should make good use of the white paper to educate the Chinese people. Stuart Leiden was gone, and the white paper came, good, very good. Both are worth celebrating. ”Mao Zedong’s self-

was not good to have sworn to be another Stuart Redden forever. Because he has always hoped to send the ashes to China, be buried on the campus of Yanjing University, and make a will.

It is recorded: "After his death, his friend Fu Jingbo, a descendant, visited Beijing twice in 1973 and 1984, and both proposed to the relevant authorities to return the Stuart Redden ashes to the Yanyuan." Fu also asked the Chinese ambassador to the United States to send a letter to Deng Xiaoping in 1986. In June 1986, with the approval of the CPC Central Committee Secretariat, Wang Xuezhen, director of the Peking University Committee, agreed to the ashes of Stuart Redden in the name of the former president of Yanjing University. "Unexpectedly, a group of 'Marxist old lady' jointly opposed, things had to be put on hold." ”I have to say, Mao's ghost is not scattered, and Stuart is not trying to separate, just other.

History after 1949 proves that without a beautiful lighthouse, China is still in darkness, or even darker than before. This is the choice of history, and no one can change the course of modern human civilization. After the Cultural Revolution or the reform, the story may be more exciting, and the other Stuart Leiden ushered in the other Trump, which is the good news or dilemma of today's China. But all this is the result of self-seeking“, the CCP's own "superfluous words".

On January 20, 2025, , the 45th President of the United States, Trump(), , returned to the White House and , became the 47th president. During his first term, the honeymoon ended. Recalling Nixon's visit to China in 1972 and the establishment of diplomatic relations between China and the United States in 1978, In 2001, the United States supported China's accession to the World Trade Organization, and by 2018 Trump launched the US-China trade war. Every step repeats the history of the end of the Qing Dynasty, and every step is indispensable to the beauty and help of Stuart Redden, a large and small one. For example, "An old friend of the Chinese people is Kissinger." The fact is that with the help of the United States, China’s economy has risen. Many Chinese people now understand that "No, Stuart Leiden" is a dream talk. It’s just a lie trick. For this precious historical transformation process, see Declassified: The Millennium "A Game One article.

Not everyone inside the CCP is an ‘Marxist old lady’. Ironically, the promoter who dared to violate Mao Zedong’s decree and welcomed Stuart Redden back to his hometown later became the party leader of the Communist Party. But 15 years later, he played a big game of "Farewell, Trump". It is recorded: “"At a banquet in Washington, Mr. Xi Jinping met General John Fugh, a major general of the United States Army, and Fu personally asked Mr. Xi Jinping to bury the ashes of Stuart Redden. Fu’s father was a secretary in China, and he lived with his family before his death in the United States. Stuart wanted his ashes buried next to his wife’s grave at the former Yanjing University, but the idea of being buried in the center of Chinese politics seemed impossible. Fu said, maybe Stuart Leiden can return to Hangzhou? ”Xi Jinping half-heartedly fulfilled the wishes of Stuart Leiden, and he finally returned to his childhood on the shores of West Lake.

Did Xi Jinping read Mao's "Farewell, Stuart Leiden" article, and really understand the indivisibility of Stuart Redden's historical law? Obviously not. Like Mao, he has the habits and ambitions to establish his own dynastic dream, taking slogans such as democracy and

freedom as slogans to deceive the people, and can be seen as slogans such as the so-called "core values" in the streets of China. Mao Zedong took the ride of the Communist International, can boldly promote his proud and forgetful mentality; and the emergence of Trump marks the end of the United States' policy of appeasement towards China, which relies on the practice of lying, cheating, hacking and theft, such as Soviet socialist or communist means, which is vulnerable in the face of more pragmatic Trump. In the Forbidden City, Xi Jinping, with his hands in his pockets, was a soft glance by Trump and hurriedly pulled out his hands. This subconscious action makes Xi Jinping hate Trump, afraid that Trump's prototype is exposed to the world.

As for the invective and the curse of the text, there are countless. Four years ago, on January 20, ,the White House changed. The next day, Trump's “"old friend" Xi Jinping can't wait to order the official mouth, , imitating Mao's old text to issue a notice: "No, **Trump"**, the content seems to be scolding Mao Zedong, who was touting the lighthouse country. Xi Jinping finally took a breath. This is not enough to solve the hatred, the CCP announced “"sanctions" Rubio and other people. However, this special face, that is, from nothing else to nothing else, it took only four years, the breath of the habit is too short than the hair. Rubio became the new government secretary of state, and the CCP had to change Rubio's name to Rubio and then fool the Chinese.

On the eve of his appointment, Rubio’s speech to the Congressional Committee on China, struck the essence of the CCP: “We welcomed the Chinese Communist Party into the global order, but they took advantage of all the benefits of the global order without ignoring all the duties and responsibilities they had to bear. Instead, they gained the status of a global superpower at the expense of the United States by lying, cheating, hacking, and theft, at the expense of us. ”Rubio’s speech represents the current attitude of the two parties and the majority of the people in the opposition to the CCP. It can also be said that the cognition of most civilized countries. Will there be so many Sturton or Kissinger in the future?

From my childhood reading "Farewell, Stuart Leiden", to a few decades later, that is, four years ago, to see "Farewell, Trump", the United States and China have not changed much, but the world trend is rolling forward, people's cognition is changing rapidly. In short, holding the dream of dictatorship, dictatorship and false air, I want to get out of the plight of "Farewell, Trump" and embrace the beautiful lighthouse again, there is not much chance to rely on deception.。Trump's return, so that the CCP or Xi Jinping feel panic or overwhelmed, the outside world has already interpreted Beijing's various peace-seeking signals, including the launch of the "China-US friendly cooperation story" ”essay advertisement, sent the vice president to Washington to celebrate Trump's return, etc., have forgotten that "the lighthouse is collapsing, the mountain bump myth is being destroyed, is it not merit, history has its own opinions, people's hearts have its own public opinion"? It seems that the CCP or Xi Jinping do not want to leave Trump, nor can they hide, so this article "No Other Stuart Redden and Trump" for Xi Jinping to explain the painting.。

The most **memorable "China-US friendly cooperation story"** attached for reference and judgment.。

特朗普告别演说。图/视频截图

特朗普执政四年，最能够被后世记住的大概有三件事，**一是他的团队彻底扭转了美国对华政策，把大国冲突重新带回到世界。二是他的政府面对新冠疫情毫无作为，到他下台时美国有整整40万人死于新冠病毒。三是他冲击了美式民主的权力交接模式，动摇了美国政治体制。**

后两个事态反映了美国的制度性衰落和混乱，证明美国早已不是巅峰时期的那个美国。特朗普政府是在这个大背景下狂妄试图全面遏制中国的。他们的确改变了美国社会的对华认知和态度，为极其粗暴的反华政策开辟了舆论空间，但他们整体上是失败的，其中的证据之一就是他们在推行反华政策很顺利的时候被选民赶下台了。

反华的口号好喊，制定一些对华制裁也很容易，就算掌声不多，在当今的美国也政治正确。然而中国已是全球发展的最大动力源，把与中国的战略合作断然调整为战略对抗，这当中失去的大量机会和平添的种种麻烦都会通过不同渠道转化为美国家庭的损失，最终侵蚀美国人对政府的信任，甚至对特朗普最需要的竞选支持釜底抽薪

Between 1945 and 1948, the United States provided about $2 billion in economic assistance to the national government. This is not surplus (such as weapons, warships, aircraft). He even helped Chiang Kai-shek transport Longyun’s army to the northeast. On August 5, 1949, the U.S. State Department issued the White Paper on China-U.S. Relations before it stopped its assistance to the government of the Republic of China. In the Civil War, the United States did not recognize the national government abandoned by the US government. Specifically, the “White Paper on China-US Relations.”

Trump's return is not a victory for "democracy," but a short-sighted victory over "vision." Without Biden's old spicy, Europe is led by Germany (fat old lady), and Russia's confluence, relying on Russia's cheap energy, European technology, the Chinese market, and in another 30 years, it will inevitably show a rejuvenation of Europe (EU), the dying NATO! Replacing the dollar with the euro is inevitable, and American power will inevitably be expelled from Europe. Losing control of Europe, losing the advantage of the dollar, the hegemony of the United States is the sunset! Biden's "war on Russia and Ukraine" has completely resolved the plan of European recovery.

Oh, the United States is indeed a white-eyed wolf, they want to transfer the manufacturing industry when shouting global integration, feel that the Chinese labor force is abundant, the quality of the people is high, let the Chinese people give them electrical appliances, sew clothes, and return the money to buy their debt. This is a good thing for Americans to have been enjoying themselves for 30 years. Over the years, Boeing Wall Street, the big companies have made no money from China, and their CEOs have said so. The east side of the river is not good. Just heard American scholars say to double the U.S. manufacturing industry while there is still China, this is the most cost-effective time. It will be a long time without China, and the cost will be big.
